MAJESTY
FOODS

PRIVATE LABEL • CO-MANUFACTURER

Your Brand. Our Kitchen.

PRIVATE LABEL MANUFACTURING • HANDHELDS & HOT ENTRÉES • BREADED SNACK FOODS

We make the products — you own the brand. Proven recipes or bring your own, custom packaging, and your brandmarks on every pack, produced in our facility.

OWN THE BRAND

- Your name, logo, and colors on every pack — not ours
- Builds store-brand equity and loyalty to your banner
- Differentiates your case from every competitor on the street
- Shoppers come back to you, not to a national brand

MARGIN CONTROL

- Private label margins well above national-brand equivalents
- You set the retail price — no dictated promo calendar
- No slotting fees or brand-mandated ad support
- Predictable landed cost per unit for cleaner planning

SPEED TO MARKET

- Proven, production-ready recipes, or bring your own!
- No plant, equipment or staffing required
- Launch a full line in weeks, not quarters
- Sample runs available before you commit to volume

CUSTOM PACKAGING

- Film, sleeves, trays, cartons, and labels in your design
- Retail, club, multipack, and foodservice bulk formats
- Case-pack counts configured to your DC and shelf plan

RECIPE CUSTOMIZATION

- Adjust spice level, filling ratio, portion size, and dough
- Signature recipes made only for your brand
- Menu built around your shopper base and regional tastes
- Full line coverage — handhelds through hot entrées

LABELING DONE FOR YOU

- Nutrition facts panels, ingredient decks, and allergen statements
- UPC/GTIN assignment and barcode placement handled
- Heating and hold instructions printed on-pack
- Regulatory-compliant claims reviewed before print

QUALITY & TRACEABILITY

- Documented food-safety program and lot-level traceability
- Consistent size, weight, and fill in every run
- Third-party audit documentation available for your buyers
- Spec sheets supplied with every product

PARTNERSHIP & SUPPLY

- Dedicated account management from concept through reorder
- Flexible minimums — start small and scale as it proves out
- Reliable production scheduling and OTIF
- New item and seasonal development on request

100%
Your brandmarks, your packaging, your shelf equity

ZERO
Capital investment in plant, equipment or staffing
